“The three most important factors that determine the desirability of a property are: **location, location and location.**”

Where retail success comes on a pedestal

When your retail store is located at the prime location of Ambli T junction, you don't have to strive hard for footfalls.

At Anam2, you leverage that power of prime location and the right target audience for your business.

Where corporate success comes on a silver spoon

An office that is well connected by various modes of city transport is ideal for corporate employees and clients alike. Not to mention, it helps reduce the carbon footprint of the city by encouraging the citizens to use public transport.

Anam 2 proudly holds the destination that is primed to be the future of business landmarks in Ahmedabad.

Corporate House

Where business recognition comes from contemporary architecture

They say that Architecture is a visual art and buildings speak for themselves.
